

Overview

The Enlogic sensor POD EE8100 series of environmental & security monitors enable you to monitor remote environmental conditions in critical areas for environmental factors including temperature, humidity, smoke, water leaks, door positions.

The Enlogic Sensor POD OLED display and web gui provide access to all sensor readings Get alerts for all alarm conditions via sys log, SMTP & SNMP traps.

Features

1. Hot swappable Network management controller
2. 1RU 19" form factor.
3. Support for up to 24 sensors *

Status

4 Alarms

External Sensors, Type	Sensor Name	POD ID	POD Name	Location	Value	Status
Spot Fluid	SPOTFLUIDSENSOR	1	Enlogic Austr		No-leak	Normal
Beacon	BEACON	1	Enlogic Austr		Off	Normal
Rope Fluid	ROPEFLUIDSENSOR	1	Enlogic Austr		No-leak	Normal
Wiegand Adapter	HID	1	Enlogic Austr		LOCK	Normal
Door Switch	DOOR	1	Enlogic Austr		Off	Normal
Wiegand Adapter	HID	1	Enlogic Austr		LOCK	Normal
Door Switch	DOOR	1	Enlogic Austr		Off	Normal
Temperature	T1	1	Enlogic Austr		16.0	Lower Warning
Temperature	T2	1	Enlogic Austr		14.0	Lower Critical
Temperature	T3	1	Enlogic Austr		16.0	Lower Warning
Humidity (%)	RH	1	Enlogic Austr		66	Upper Warning

Environmental Sensors

Description	ENLOGIC SKU	Description	ENLOGIC SKU
Alarm Beacon	EA9101	Spot Fluid Leak Sensor	EA9111
Temperature Sensor	EA9102	Rope Fluid Leak Sensor	EA9112
Temperature and Humidity Sensor	EA9103	Smoke Sensor	EA9116
(3) Temperature + (1) Humidity Sensor	EA9105	Serial Communication Cable	EA9119
Sensor Input Hub (3 sensor inputs)	EA9106	Automatic Rack Light Kit	EA9125
Door switch sensor	EA9109	Modbus Communications Adaptor	EA9126
Dry Contact Cable	EA9110	HID Rack Access Kit	EA9130
